

# Order form for MHC Streptamer® Custom Service

Last date of revision: June 2021

Version DC07-0012

Please fill out the following and send to

strep-tag@iba-lifesciences.com

Streptamer® Custom Service order	Please indicate
Production of a <i>Streptamer</i> MHC class I of the following species	<input type="checkbox"/> human <input type="checkbox"/> mouse
MHC class I heavy chain allele? (e.g. HLA-A*0201 or H-2 K <sup>b</sup> )	_____
Designation of antigen? (e.g. CMV PP65)	_____
Antigen peptide sequence? (8-11 amino acids in one-letter-code)	_____
Has this combination of MHC class I and peptide been successfully produced already?	<input type="checkbox"/> no, not to my knowledge <input type="checkbox"/> yes, in our lab <input type="checkbox"/> yes, it is offered elsewhere <input type="checkbox"/> yes, please refer to this publication _____
<b>Order of Custom Service</b>	<input type="checkbox"/> <b>without peptide synthesis</b> <b>(Cat. No. 6-9010-001): 3.449 Euro</b>  I will supply the peptide (50 mg, HPLC purified, >80% purity, lyophilized, certificate of analysis will be provided, please refer to shipment instructions below)  <input type="checkbox"/> <b>with peptide synthesis</b> <b>(Cat. No. 6-9010-002): 3.707 Euro</b>  IBA shall synthesize the peptide
<b>Custom Service includes:</b>	<b>50 tests* custom made MHC I-Strep</b>  as well as one of the following reagents (please choose <b>one</b> ):  <input type="checkbox"/> <b>Strep-Tactin PE, 50 tests*</b> for cell staining or <input type="checkbox"/> <b>Strep-Tactin APC, 50 tests*</b> for cell staining or <input type="checkbox"/> <b>Streptamer Magnetic Beads, 5 preps human or 2.5 preps murine*</b> for cell isolation  <small>* "Tests" refers to staining with fluorescently labeled <i>Strep-Tactin</i>® (1 test is sufficient to stain 1-2 x10<sup>6</sup> T-cells) while "preps" refers to T-cell purification with <i>Streptamer</i>® Magnetic Beads (1 prep is sufficient to purify T-cells out of a total of 2x10<sup>7</sup> cells).</small>
