Data Sheet

pASG-IBA4

Cat. No.: 5-4004-001

Version: 3.0 Revision Date: 14.07.2021

Description	StarGate Acceptor Vector for bacterial expression. The expression cassette is under transcriptional control of the tetracycline promoter/operator. The expressed recombinant protein will be secreted into the periplasm.					
Affinity tag	Strep-tag [®] II is fused to the N-terminus of the recombinant protein.					
SecretionThe ompA signal sequence directs the expressed protein into the periplasmic space and cleaved off during the translocation process						
Cloning Strategy	Cloning into StarGate Acceptor Vectors has to be done with the restriction enzyme Esp3I. There is no Multiple Cloning Site (MCS) available that can be used for the integration of the gene of interest instead (see manual).					
Expression strain	Any <i>E. coli</i> strain. The <i>tet</i> -promoter works independently from the genetic background of <i>E. coli</i> .					
Bacterial Expression	Expression is induced upon addition of 200 μ g anhydrotetracycline per 1 liter <i>E. coli</i> shaking culture (A ₅₅₀ = 0.5).					
Resistance	Ampicillin					
Form	5 μg, dissolved in 20 μl TE buffer, pH 8.0: 10 mM Tris/HCl, 1 mM EDTA					
Concentration	250 ng/μl					
Stability	12 months after shipping					
Storage	recommended: 2-8 °C for frequent usage, -20 °C for long-term storage					
Shipping	room temperature					
Hazards	Product is not classified as hazardous according to (EC) No 1272/2008 [CLP]. A Material Safety Data Sheet is provided.					

For research use only

Trademark information

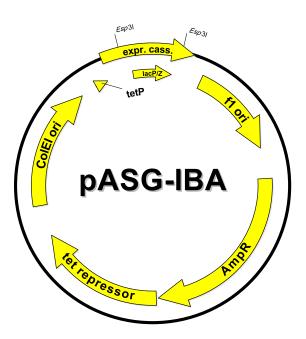

The owners of trademarks marked by "" or "TM" are identified at <u>http://www.iba-lifesciences.com/patents.html</u>. Registered names, trademarks, etc. used in this document, even when not specifically marked as such, are not to be considered unprotected by law.

Important licensing information

This product is covered by intellectual property (IP) rights and on completion of the sale IBA Lifesciences grants respective Limited Use Label Licenses to purchaser. IP rights and Limited Use Label Licenses for said technology are further described and identified at http://www.iba-lifesciences.com/patents.html or upon inquiry at info@iba-lifesciences.com/patents.html or upon inquiry at info@iba-lifesciences.com or at IBA Lifesciences GmbH, Rudolf-Wissell-Str. 28, 37079 Goettingen, Germany. By use of this product the purchaser accepts the terms and conditions of all applicable Limited Use Label Licenses.
